*Name* : Florencia Helena, Jessica Yuwono, Selina Salmon  
*Study Program* : Hotel Business Program  
*Title* : G&G Food Vending Machine

*G&G is a business project selling pre-cooked food using vending machine that operates for 24 hours as main selling device. Our main goal is to provide foods that are easy to get, fast and warm. We are available at several points in Jakarta area, Bundaran HI's MRT station, Soekarno Hatta Airport, Sahid Sudirman Center's Office Tower, and Cipto Mangunkusumo's Hospital.*

*G&G's machines provided build-in microwave that makes G&G's product no different from warm food that restaurants serve with preparing process that can be observed from the LCD screen, also equipped with cashless payment system operate from mobile application.*

*The initial investment required is IDR 2,069,257,056 with Break Event Points in less than 2 years.*

*Keyword: Pre-cooked food, Vending Machine, Smart Restaurant, convenient. Efficient*
