Title : **“KENIKMATAN DIBALIK DAUN JATI, NASI JAMBLANG TULEN”**

Nasi Jamblang Tulen is one of the culinary specialties of Cirebon which is quite legendary because it is the first place to eat Nasi Jamblang in Cirebon which is owned by H Abdulah Latief and his wife Mrs. Tan Piaw Lung. Nasi Jamblang Tulen is well known by the people of the Cirebon area, who initially only helped workers during the Dutch colonial era to sell around and build a place to eat that can survive until now. However, there are still few people who know about Nasi Jamblang Tulen outside Cirebon. Therefore, we would like to tell and introduce one of Cirebon's special culinary delights which has a distinctive taste to the wider community, and how Nasi Jamblang Tulen still maintains its characteristics starting from the cooking process and also the taste that has been until now. This is very interesting to be documented as a work that can be imitated by the millennial generation as heirs of the nation's culture.
